

School Tax Rate Boost Proposed For New Building

Creation of Building Fund Designed to Forestall Bond Issue Need

After a study and discussion of the anticipated increase in population throughout this district during the next few years, the governing board of the Tahoe-Truckee Unified School District at their June meeting determined that an increase of 10 cents in the tax rate would be available.

That means that the basic school rate will be advanced from last year's \$1.55 per \$100 assessed valuation of \$1.65. This raise, members of the board pointed out, could have been adopted two years ago when the law provided that schools supporting kindergartens were entitled to the higher basic rate.

The increase in the rate, Superintendent E. V. O'Rourke explained, together with a sum to be taken from the general unbudgeted reserve, will provide approximately \$50,000 a year. The money thus raised will be used exclusively, he said, for new buildings throughout the area as the need arises.

Less Expensive
It was decided by the board members that under this long-range program, and by anticipating future needs, any emergency bond issue to provide school housing can be avoided. It was also the opinion of the board that the pay-as-you-go policy will prove less expensive than any bond plan, and at the same time keep the district on a sound financial basis.

This special accumulative building fund, if finally approved, will not be used other than for new construction and will be available to any part of the district where need arises, O'Rourke explained.

Other Business
The board awarded a contract to the Tahoe Lumber Company at Tahoe City to supply \$3582.59 worth of building materials for maintenance work and accepted the \$1253 bid from E. H. LePire of Kings Beach to paint two school buildings at Tahoe City and one at Donner Summit. Henry Tholl of Sparks, Nev., submitted the only bid for surfacing the balance of the Truckee elementary school yard.

It was decided to permit the use of the school buses to transport children to the Shrine Circus at Reno during the first week of August.

Budget Hearing
The hearing on the 1955-56 budget will be held at the high school at 8 p. m. on August 2. Present at the June meeting were Members Fred Pedley, Reg Smart, Denis Sach and Brad Board and Jack Felte who takes office July 1st.

JACK FELTE WILL BE PRESIDENT OF LAKE TAHOE CLUB

Jack Felte will be installed as president of the Lake Tahoe Lions Club at a ceremony combined with ladies' night on July 5 at Ta-Neva-Ho clubroom, replacing Walter Mandeville at the meeting of the group held on June 21. The latter was given a vote of thanks for his work in behalf of the organization during the past year.

Other officers named for the coming year are Chuck Robertson, secretary, 1st, 2nd and 3rd vice presidents, in order are Dave Ashton, William Ball, Wally Skaggs, Harry Harrison, treasurer; C. Beaver, tail twister; Red Waddell, lion tamer; Phil Geier and Ernie Crawford, one-year directors, Charles Moore and Mel Throop will hold directorships for two years.

Directors Make Tour Of Utility District

Members of the board of directors of the Truckee Public Utility District Tuesday made a tour of inspection of the district so the new members could acquaint themselves with the physical assets and be better informed on the needs of the water and electric departments. The tour was conducted by Manager C. Edmunds, and participating were President C. R. Heller, Hal Welch and Jack Neugebauer.

ELECTION DELAYED
Election of officers of Truckee Post No. 439, American Legion, scheduled for Tuesday night, was delayed due to the small attendance. Another meeting will be called for the purpose in the near future and all members are urged to turn out and show their interest in this important group.

From Minnesota—
John E. Tollefson of Lanesboro, Minn., is visiting here for several weeks with his brother and sister-in-law, Mr. and Mrs. C. F. Tollefson.

Two Are Injured As Car Accidents Reported In Area

Two people were injured, neither seriously, in a series of four motor vehicle crashes in this area during the past week, the California Highway Patrol reported.

Bertram L. Canell, 59, Chico, suffered a broken leg when his car left the highway two miles north of Homewood at Lake Tahoe Sunday evening at 6:30 and crashed into a rock. The victim was taken to the Tahoe Forest Hospital by the Tahoe City ambulance. State Patrolman Roy Stallard cited the driver for being on the wrong side of the highway and not having his car under control.

Harold Wayne Eussabarger, 18, Corydon, Ind., was hurt Tuesday morning at 11:30 when the motorcycle he was driving crashed head-on into a car driven by Lucille M. Hennessey of Coos Bay, Ore., at Soda Springs. The latter was cited by Patrolman Stallard for failure to make a turn signal and not having clearance to make a turn.

Eussabarger was taken to the Tahoe Forest Hospital by Truckee ambulance for treatment of an ankle injury.

Russell L. O'Keefe, 64, San Rafael, employed at the Euer Ranch was cited following a collision between his car and one driven by D. W. White, 20, Stockton, at the Gateway Shopping Center last Thursday morning. White was cited for speeding and O'Keefe for failing to signal and being on the wrong side of the highway. Neither driver was injured. Patrolman Carroll Maynard made the investigation.

Dr. Clarence O. Green, 41, Lodi, escaped serious injury when his car was forced off the highway Thursday afternoon a mile north of Tahoe City and struck an embankment. The investigation was made by Patrolman Martin Sturcke.

Cancer Drive Here Needs More Support

Letters to residents of this area have been mailed out seeking contributions to the current Cancer Fund Drive but to date the response has been anything but good, John Finnegan, Truckee district chairman, today announced.

At this busy season of the year it is difficult to give thought to matters other than those at hand, Finnegan declared. However, this drive is of the utmost importance and just a minute's time to scan the letter, make out a check and return it in the prepared envelope will more than pay dividends.

Since the time for the drive is short, and this area should meet its quota, Finnegan urges that attention be given at once to the matter. Anyone not receiving one of the form letters, is asked to mail or leave their contribution at the Bank of America.

Kitchen Bazaar Will Be Held Here July 1st

Plans are being completed for a kitchen bazaar and food sale to be held on Friday, July 1 at Duane's Do-Nut Shop. The sale will begin at 10 a. m. and is being sponsored by Naomi Rebekah Lodge.

Items such as dish towels, aprons, crocheted pot holders, hot plate mats, decorative can openers and other useful items will be available. The members are reminded to have their food sale items at Duane's by the time the sale begins.

JAMES MORHAIN TO HEAD 20-30 CLUB

James Morhain was elected as president of Truckee 20-30 Club, No. 344, becoming effective on July 1. Lynn Kishbaugh will be secretary of the organization for the new term. The meetings are held each Wednesday at 7:30 p. m. in the Sportsmen Club.

To Attend U. N. Meet

E. V. O'Rourke, superintendent of the Tahoe-Truckee Unified School District, Friday will attend the 10th anniversary meeting of the United Nations at San Francisco. He will represent the schools of the region at the session.

Two Events For Area Planned By Local C. of C.

Fireworks Display July 4th, Boat Races Set For July 10th

Two major entertainment features being provided through the efforts of the Truckee Chamber of Commerce for the immediate future are gaining momentum and are nearly ready for presentation.

The first will be the Independence Day fireworks display to be held at the west end of Donner Lake Monday evening, July 4th. Rex Reid, chairman of this event, assisted by Earl Stice and Kenneth Hedlund, said the fireworks will be shown from a barge being loaned for the purpose by Jay Richards.

The display this year is expected to top even the brilliant fireworks shown last year when hundreds of local people and visiting vacationists lined the shore of the lake to see the display. The program will start at 8:30 p. m., or as soon thereafter as darkness will permit the best results and everyone is invited to turn out for the fun.

Boat Races
The second major event programmed will be the outdoor motor boat races also at Donner Lake, scheduled for 11 a. m., July 10. Reid is also chairman of this event and announced this week that entries promise a splendid show. The affair is sanctioned by the Northern California Outboard Association and some of the fastest drivers are expected to participate.

The affair is sponsored by the Sponsor Club of the chamber and membership tickets, entitling the holders to a number of advantages, are on sale at most of the stores in the area or may be obtained from Chamber of Commerce officers.

Among the gifts to be distributed at the races will be an outboard motor, fishing tackle and scores of other items, Reid said.

Janice Perry Weds Jay Rablin At Rites Held In Kelseyville

On Saturday, Miss Janice Perry became the bride of Perry Jay Rablin at an attractive ceremony performed in the Presbyterian Church at Kelseyville.

Mr. and Mrs. Howell D. Perry of Kelseyville are parents of Mrs. Rablin.

Rablin, son of Mr. and Mrs. John Rablin of Truckee and Roseville, is well known in this vicinity where he attended school before entering U. S. Naval Service.

The newly-weds met at San Jose Teachers College where both were students. Following the nuptial rites they returned to San Jose to establish their home while he continues his studies.

The bridegroom's parents, his sister, Miss Jesse Rablin, Mr. and Mrs. John Rablin, Jr., were among those attending the wedding.

CUB SCOUTS MEET FOR WEEKLY GAMES

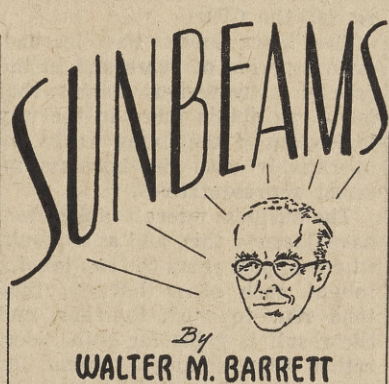

All members of the Cub Scouts, ex-members and their parents are reminded to attend the ball games held in the local park each Tuesday at 7:30 p. m. during the summer months.

Mrs. Wilber Glenn announced that an overnight camping date has tentatively been set for the last weekend in July and those wishing to take part should attend the weekly sessions.

New Committee Members For Girl Scout Troop

Mrs. Rex Reid and R. R. "Bob" Frank are two new members of the Lone Troop Committee. Donner Troop III Girl Scouts. Mrs. Reid has been active in community and civic affairs and Frank represents the Rotary Club which also sponsors the troop. Other members of the committee are Mrs. Charlotte Patnoudé, Darrell Knoefler and Mrs. Dave Rose, chairman.

Partridge Here—
W. C. Partridge of Grass Valley was a visitor here on Tuesday.

The selection of Squaw Valley and this region as the site for the 1960 Olympic Winter Games poses a challenge to the entire district. In the first place, it is the biggest thing that has ever happened, in a number of ways. It will, if engineered as planned, provide lasting benefits and bring the world's attention to the finest recreational area in the country. Economically, it should prove a very healthy boost. It should give us an opportunity to display the hospitality for which the region is known, and should result in the speeding up of needed improvements, such as better highways, more adequate winter sports facilities and bring us closer to other parts of the state, including our seat of government. All these things will be possible only if we present a united front for a progressive, sound development. We are going to have to beware of the chiselers, the undesirables bent upon selfish benefits entirely, and work together for the best interests of the entire region. Personalities must be forgotten and everyone must strive toward the one end—to prove to the world that our area can be a good host. We know that there may be a flood of self-seeking individuals hoping to get rich quick, giving no thought to the bright future of the region, and we know a lot of folks will take advantage of the situation, but if we can minimize this type and keep our heads, then the future for the area really looks excellent. Even international relations will be tested here, and it can be hoped in the future, our foreign visitors will prove to be among our most ardent friends with a feeling that this great region was a generous host.

LOCAL AUTO CRASH RESULTS IN ACTION IN NEVADA COUNTY
NEVADA CITY—A damage suit asking \$45,000 plus special damages has been filed in Nevada County Superior Court against Nolan Glahen, Burton J. Blair and Grace F. Blair, et al, for injuries suffered in an automobile accident by Mr. and Mrs. Harry E. Haas.

The complaint seeks \$15,000 for Haas and \$30,000 for his wife, Margaret, and charges that the auto driven by Glahen, May 22, 1955, and registered to the Blairs, was driven so carelessly and without exercise of due caution as to collide and violently strike the plaintiffs' automobile causing both the plaintiffs' injuries and damages including fractures contusions and lacerations.

The couple also ask special damages including fractures, contusions and lacerations. The couple also ask special damages for hospital fees and care not ascertained to date and time lost from employment.

The accident occurred on U. S. Highway 40 nine miles east of Soda Springs. Haas was driving and Mrs. Haas was a passenger in the auto.

Picnic Enjoyed By Local Girl Scouts

Donner Troop Girl Scouts, accompanied by Mrs. David Rose and Mrs. Frank Giovannoni held a picnic and bicycle trip on Tuesday on the U. S. Forest Service road and Donner State Park.

Girls going on the ride were Donna McReynolds, Patsy Jensen, Pam Rose, Judy Giovannoni, Ruth Parkhurst, Steffie Cozzi, Linda Giovannoni, Elithia Marquis, Peggy Sanner, a new member, Sharon Piche.

EIGHTSOME MEET

The Eightsome Bridge Club members feted Mrs. Walter Loynd on her birth date, Wednesday afternoon at the home of Mr. and Mrs. Vern Shattuck. Mrs. Harold Langille made a decorated cake for the occasion.

Falling Tree Kills Lumber Worker Near Hirschdale

Wind Held Responsible For Death Of Man In Woods Mishap

A freak accident, caused by the high wind which prevailed for a short time about noon yesterday, caused the death of Otto Schroth, 29, who had been residing at Floriston and employed as a timber faller for the Tahoe Timber Company of Reno.

Just before noon yesterday, Schroth was engaged in felling a tree near Hirschdale when a sudden gust of wind caused the tree to topple in a direction opposite of that intended. The tree struck a snag, broke and a limb struck Schroth on the head killing him instantly.

N. F. Dolley with the Truckee ambulance rushed to the scene and returned the body to the Truckee Colonial Mortuary. The remains will be shipped to Stockton where an uncle resides.

Schroth was a native of Switzerland.

THOMAS WILL BE INSTALLED HEAD OF ROTARY CLUB

Rex Thomas, president-elect of Truckee Rotary Club will be installed at the meeting to be held on Monday, June 27, at Donner Lake Lodge when Alvah Hooper, retiring president, will hand over the gavel for the coming year.

Thomas, with Secretary-elect Ed Grant, attended the annual Rotary assembly for District No. 164 on June 16-18, held at Placerville.

The new officers will preside at their first meeting on July 11, the July 4 meeting date being planned for the members to join their families at Donner Lake in observance of the celebration to be held there.

Rev. Ike Iles of Nevada City was the speaker of the evening on June 13, the subject, the Rotary International Headquarters. Guests included Bill Randall, R. Smart, R. R. Franks.

On June 20 Ex-district Governor Tate Williams, from the Reno Nevada Club, was the guest speaker at the local club and gave a talk on "Men in Rotary" which was briefed to "Men." Visiting the local club with Williams were Rotarians Ben Berry, Harold West, Jim Eather, Robert Annis and all were from the Reno Nevada Club, Bryant Washburn, Davis.

MOTORISTS ARE NOT COMPLYING WITH RIGHT OF WAY LAW

"Some motorists and pedestrians in the Truckee area are failing to fully accept their responsibilities regarding right-of-way in traffic," Sgt. Ed Freeman, commander of the Truckee Squad of the California Highway Patrol said today.

To emphasize the seriousness of the situation, Sergeant Freeman said five persons have been killed and 253 injured in traffic accidents in the Roseville area so far this year. He pointed out that in one out of every six accidents a right-of-way violation caused the crash.

"Right-of-way violations causing these deaths and injuries are deliberate in many instances and can be avoided in practically every case. Motorists and pedestrians must be willing to give, not grab, the right-of-way," he said.

"Possibly emphasis on the dangers of speed and drunk driving as accident causes has led people to underestimate the seriousness of right-of-way violations in provoking traffic accidents.

"At any rate, we intend to continue watching the right-of-way accident picture in this area and take all necessary steps to curtail these violations."

From Capitol—
Mrs. Merle Dole, two months old daughter, Debby and Wayne, Sharon, Peggy, Paula, Gaylen Dole and Carole Kerr all of Sacramento are occupying the David Campbell house here for the summer months.

PATRONIZE LOCAL MERCHANTS

Truckee Attorney Named To Defend Accused Murderer

William A. Carver, Truckee attorney, has been appointed by the Sierra County Court to represent Will Wheat, 61, accused of the slaying of Lee A. Madsen, 48-year-old Reno businessman who told officers before he died that the defendant shot him when he refused him a ride to Sacramento.

Carver has not indicated his line of defense. The preliminary hearing will be held before Judge C. W. Robins at Downville today.

Wheat was arrested shortly after the fatal shooting of Madsen by Constable N. F. Dolley of Truckee and Deputy Sheriff Lyman Eddy of Reno. The officers took the man off a bus as it neared Donner Summit and turned him over to Nevada and California highway patrolmen and he was returned to Reno for questioning before being returned to California.

The shooting occurred, according to investigators about 150 feet inside the California state line in Sierra County. Madsen died after he identified his assailant answering the descriptive of Wheat. The alleged murder weapon was found on the latter.

Madsen told officers he was on an evening fishing trip and had stopped at the state line where he was accosted by Wheat. Wheat said Madsen abused him and that he shot in self-defense, a story denied by the Reno man, who said when he refused to take the hitchhiker to Sacramento, the elderly man pulled the ancient revolver and shot him through the abdomen.

Wheat had been escorted out of Reno a short time before the fatal shooting by officers from Nevada and taken to the California state line.

Officers said Wheat was also armed with a four-inch knife.

Baseball Game To Be Played Sunday

Disappointment was felt by scores of local baseball fans last Sunday when the game scheduled for the Truckee diamond between the Truckee Outing Club Independents and the Richardson-Lovelock team from Reno failed to materialize. The Reno team failed to show up and efforts by Dave Morey, Outing Club president, to locate them finally led to cancellation of the contest.

However, Morey, said the game between the Sierra Sport Shop nine and the Truckee team will be played on the local field Sunday afternoon at 2 o'clock.

On July 3rd, Morey announced, another game is scheduled between the Independents and the Knights of Pythias team from Reno on the Truckee field.

ALL IN READINESS FOR JEEP PICNIC HERE SATURDAY

Cliff Ellis and Charles Osburn, arranging details for the jeep caravan outing to Rock Bound Saturday afternoon and Sunday, report all in readiness for what is proposed to be an annual family affair sponsored by the Truckee Outdoor Sportsmen.

The caravan is scheduled to leave the S. P. freight depot at 1 p. m. Saturday. After the trip into the Hell Hole area, a big barbecue is planned and fishing, picnicking, hiking and all the elements going into the enjoyment of such an outing will be offered.

The group will return home Sunday afternoon. Those who have not yet registered for the trip may still do so by contacting either Ellis or Osburn immediately.

Speaks at Meet

Homer Alexander, recently returned from a number of years spent in India spoke before members of the W.S.C.S. in the Methodist Community Church at 1:30 p. m. on Wednesday. The visitor was not expected at this date which did not allow Rev. Wesley Osman to give publicity of the talk but the public was welcome to attend.

Happy Day—
Reg Smart is observing his birth anniversary today.

Olympic Games Will Provide Big Boost For State

Selection Of Squaw Valley Hailed By Officials, Local Interests

By HENRY C. MACARTHUR (Capitol News Service)

Award of the 1960 Winter Olympic Games to Squaw Valley last Friday in Paris is bound to be a major boost for this state as a recreational area, not only in the popular High Sierra country, but also in other sections of California.

The award was made by the Olympics committee in Paris, France, after a bid was submitted by California backed by a million dollar loan from the state division of beaches and parks fund to construct the necessary equipment for the games.

The governor signed this bill, which was the first one introduced in the state senate last January, SB 1, by Senator Harold T. Johnson, of Placer County, in time to assure that the bid for the games in California would have the backing of financial support from this state.

Governor Pleased
As the award was made, the governor said:

"This presents a tremendous opportunity for our state to again demonstrate its ability to host such a magnificent spectacle and also to demonstrate its traditional hospitality."

"Our success in obtaining these events over determined competition is a monument to the wholehearted co-operation of the California legislature, the management of Squaw Valley, and numerous civic organizations throughout our state."

"I am happy to have had a part in this achievement on behalf of our state, and I will continue to exert every possible effort to see that our role as host for the 1960 winter Olympics is outstandingly successful."

A lot of the credit for promoting the Winter Olympics for California is due Alex Cushing, who is the proprietor of the Squaw Valley resort. Comparatively speaking the resort is a new enterprise in winter skiing activities. Cushing himself is a former skier and thus has an interest in the games other than commercial.

Wide Benefits
However, Cushing's resort will not be the only one which benefits from the games. It is estimated that almost every resort in the Lake Tahoe, Truckee Donner Summit and other areas near Squaw Valley will have to be opened up during the winter months of 1960 to accommodate the throngs of people that will come to California from all over the world. The difficulty will be to house the visitors.

Engineers have studied the installations that will have to be built between now and 1960. Some of these will be permanent, perhaps in state parks, and those permanent on private land will be disposed of by the Olympics commission, at a price, of course, as the state gives nothing away.

Lasting Benefits
Thus, California will have lasting benefits from the games, as it did in Los Angeles when the Coliseum was erected to house the games some years ago.

First step in the operation will be the appointment of the commission by Gov. Goodwin J. Knight, and then will come a long period in which specific plans will be drawn. Four and a half years may seem a long time in which to get ready for the invasion, but actually, it will turn out to be reasonably short in view of the many preparations that must be made not only to conduct the games, but to feed, house and transport the visitors.

LAND DISPUTE WILL NOT AFFECT 1960 WINTER OLYMPICS

A report in a Sacramento newspaper quoting Wayne Poulsen of Squaw Valley as protesting the fact that he was not consulted in advance regarding plans for holding the 1960 Olympic Winter games on lands controlled by him, will not detract materially from the project, in the belief of those supporting the games.

It is possible that Poulsen's suggestion that the events be scattered throughout the area, thus preventing damage to his property on the floor of Squaw Valley, can be carried out with considerable success and provide even better facilities.

Much of the future planning and preparation for the games will be handled by the Olympic Committees.

An important decision will be made by the members of Summit Temple, No. 79, Pythian Sisters at the meeting to be held at 8 p. m. this evening. All members are urged to be present.

AFFAIRS OF STATE
by
Henry C. MacArthur

SACRAMENTO (CNS)—The California State Federation of Labor, which maintains two lobbyists in Sacramento during the legislative sessions, is somewhat gleeful over the results of the 1955 session, and claims that it was "labor's most productive session in more than

OCCIDENTAL LIFE INSURANCE

Agent
"Ted" Hawkins
Phone 96 P.O. Box 6
Truckee, Calif.
Complete Coverage
Life . . . Hospitalization . . .
Accident . . . Sickness . . .
Business Insurance

a decade." The state federation, represented by C. J. "Neil" Haggerty, and Charles P. Scully, both of whom are experienced and able lobbyists, says it was backed by the positive friendship of Gov. Goodwin J. Knight, and had an improved position in both the senate and assembly. Major security bills in unemployment insurance, disability insurance and workmen's compensation were passed.

Citing some of the gains of labor, the federal includes:

Increase of maximum unemployment insurance benefits from \$30 to \$33 per week; increase of disability insurance benefits from \$35 to \$40 per week; increase of workmen's compensation benefits from \$35 to \$40 for temporary and \$30 to \$35 for permanent disability with increases in industrial death benefits;

A liberalized jurisdictional strike law; defeat of "right-to-work" legislation; defeat of numerous bill the federations said would have crippled labor independence; defeat of a proposal to impose a 25 per cent ceiling on federal in-

come taxes.

On the debit side of the picture, labor saw defeat of its proposal for an increase in the minimum wage law; defeat of the FEPC legislation and passage of the law to permit counties to levy sales taxes. Traditionally labor has opposed imposition of any kind of a sales tax, on grounds that it is discriminatory toward the working man, in that under such a tax, the lower income groups pay more than their fair percentage of taxes.

Labor opposed the 1 per cent county permissive sales tax, but its opposition was not very enthusiastic, consisting primarily of statements by Haggerty in committee that "labor is opposed to such a tax." In this opposition, he was joined by John Despol, lobbyist for the CIO.

The labor lobby has learned, over a period of years and in the face of many serious defeats, that labor can obtain more in the way of legislation if the lobby works co-operatively with the business interest representatives.

The business interest lobbies too, have learned this, and as a result, where in past years the two lobbies fought each other bitterly, they tend now to work together, and the result is gains for both sides, rather than complete defeat for both sides when the two interests clashed with each other.

Obviously, not all legislation is worked out between the two lobbies during the legislative sessions, but it can be said factually that agreement was reached on several subjects, and the legislature informed that labor and business were together. An instance of this was the unemployment insurance increase. Labor hopes to receive a \$5 per week increase, and the bill wound up as a compromise at a \$3 increase. Had the two interests clashed, as they did many times in the past, it is also probably safe to say that labor would have wound up with nothing.

In the disability insurance field, labor got all it asked for, a maximum of \$40 per week. However, business can hardly fight requests in this field, as all the money in the disability fund is contributed by workers.

There are more than 5000 different kinds of shrubs and plants growing in San Francisco's Golden Gate Park.

Southern Pacific Wins Top Safety Award From National Group

For the second consecutive year, the Southern Pacific Company has won a top public safety activities award granted by the National Safety Council, according to word received by the railroad today.

The council cited SP's "outstanding public safety programs directed to employees and the general public," and declared "the judges were particularly impressed" by the following SP achievements in safety work:

Family safety meetings attended by some 25,000 SP employees, SP cooperation in President Eisenhower's safe driving day, active participation in the Signs-of-Life program aimed at better observance of signs and signals at grade crossings, and joining school safety drives throughout the area EP serves.

The council also applauded "the sound program administration by your safety department with special emphasis on off-the-job accidents."

The award, designed to recognize and stimulate community safety work by railroads in the areas they serve, also was accorded 15 other railroads.

PHONE COMPANY TO LAY OCEAN CABLE

Laying of a telephone cable across the Atlantic Ocean—the first ever to cross an ocean—will begin June 22, Pacific Telephone Manager Charles Berlenbach said today.

The cable will span 2250 miles from Newfoundland to Scotland and will be ready for service late in 1956. Another 300 mile underwater cable and 575 mile radio relay system will complete the system from Newfoundland to the United States.

A joint undertaking by the American Telephone and Telegraph Company, the British Post Office and Canadian Overseas Telecommunication Corp., the project will cost an estimated \$40,000,000, Berlenbach said.

The laying operations will be handled by the ship, HMTS Monarch which will ply its way from

Clarenville, Newfoundland to Oban on the west coast of Scotland.

The ship expects to reach there by late summer, but when it does, only half the job will be done. A twin cable, to complete the job, will be laid the summer of next

year. Each cable will be equipped to carry messages in just one direction.

Transatlantic telephone messages are now carried by radio.

California's production of cement in 1954 was 31,600,000 barrels, valued at \$94,000,000.

August Wedding Is Planned For Tahoma Girl At Carmel Church

TAHOMA—Mr. and Mrs. Robert W. Cushman of Tahoma, Lake Tahoe, announce the engagement of their daughter, Margaret, to Mr. Allen M. Laughlin, son of Mr. and Mrs. Allen V. Laughlin of Long Beach.

An August wedding is planned at the Church of the Wayfarer in Carmel, California, following Mr. Laughlin's attendance at the R. O. T. C. training camp at Mather Air Force Base, Sacramento.

Both of the young people are students at Occidental College in Los Angeles, where they plan to continue their studies next year.

ARE YOU A SUBSCRIBER?

NORTH TAHOE

By JUDGE HARRY CHARRISON

Enthusiasm

Enthusiasm is running high and the main topic in the area from now until 1960 will be Olympics. It is the greatest shot in the arm that the area has experienced in a decade. It should do the thing that we have longed for and worked for for many years, and that is to have at least a four-lane highway on 40 and other roads. We are hoping our Truckee short-cut will be one of them and maybe a good road over Mount Rose. It will be interesting to watch what will happen. It was told to me that quite a lot of home and property owners have taken their property off the market.

Visitors

Dr. Robert H. Rush and son of Mr. and Mrs. Tom Rush of Kings Beach, was up for a few days over the past weekend. Mrs. Rush accompanied him on the trip. They are from Oroville where the doctor practices. I am told while here he gave a couple of treatments to a friend or two. Needless to say, Tom and Mrs. Rush are very proud of their big son.

Coming Along

Lillian King was telling me how wonderfully Joe is coming along. Drives his own car all over the place. I guess he will be throwing his cane away pretty soon, but I think the thing that thrills him more than anything is the fact that he is now able to use his

gun. Up on the range the other day he did better than lots of his cronies. Joe has always been a great hunter, especially duck hunting. He had better get a move on so that he can go after them this fall, because we usually get a couple of beauties.

New Resident

Mr. and Mrs. F. Dunham of Tahoe Vista became parents of a bouncing baby boy last week. We didn't learn the details and even Dr. Sklar didn't have them.

Barbecue

The annual barbecue given by the Heugas, Snyders and Korichs was held at the beautiful home of the Bob Snyders at Lake Forest. What a setup it was—I never did see anything like it—must have been two or three hundred pounds of the most delicious barbecued lamb and everything else that goes to make a delicious meal, and lots of what it takes to quench your thirst. Bob's home is right on the lake front with about 50 steps leading down to the water. It was gathering where old friends meet every year and become acquainted all over again. It was just grand and the wife and myself didn't know we had so many friends. I would make a guess that over 300 attended. Don Snyder, Bob Snyder, A. Heuga and Steve Korich wore Boy Scout outfits, while some of the ladies dressed as Girl Scouts. It was great and thanks, fellows.

Beautiful Chalet

Well, Eugene's Chalet is as pretty as a picture now. We had a very nice visit with Gene and

his charming sister, Mrs. Stewart. The view is just as wonderful as can be. We found our friends, Joe and Mrs. Dolce there again as they were last year. Joe is cooking the steaks and chicken and Ann takes care of the customers. Then we looked around and there was Enola DeGregorio at the organ and the music was superb. In the lounge everything is in gold and the patio is literally filled with wild animals of all kinds (stuffed of course) and the horn of plenty is very attractive.

Up For the Summer

Wyman and Beverly Williams are up for a while. Wyman's stay will be short but it looks as though Beverly will be here most of the summer with her two cute boys, Rany and Scott. They live on Brasie avenue and hail from Pasadena.

Building

Was up visiting the Walter Popes this week. Walt is building a very nice home on Fox street and hopes to be moving in pretty soon. He is with the county and is doing his dardest to give us a good road over the shortcut, assisting Frank Wagner, of course.

Stage Coach

Ted Draney who has been running a stage coach from Tahoe City to Reno and return, touching at Carnelian Bay, Sandy Beach, Kings Beach, Brockway, Crystal Bay and over Mt. Rose, has bought himself a peach of a new stage coach. He has certainly deserved to do a good business. Good luck, Ted.

Open

Joby Lewis informs me he will have a grand opening next Friday and was up to look over the beautiful place. It is far more elaborate than could have been imagined a couple of weeks ago. Take a ride up and see the brilliant entrance as well as the inside. Congratulations Joby and Helen.

Reservations

Doug Free of the Dunes, Tahoe Vista, tells me that he has already taken reservations for the whole period of the 1960 Olympics. With people from Oakland and he says the bay area is really buzzing with excitement over this great event coming to California—California, here they come.

Golf

A great big weekend is in store for the Tahoe City and Brockway golf courses when the Lake Tahoe Golf Invitational, a 54-hole medal play, will start on Friday and continue through Sunday. There will be a lot of celebrities here. The tournament is sponsored by several local clubs in the area and there will be a lot of people around to see their favorite stars.

TAHOE YACHT CLUB PREPARING FOR ANNUAL EVENTS

By Harry Charrison
TAHOE CITY—R. Randolph Walker informs me the Tahoe Yacht Club, organized in 1925 will hold their annual regatta on July 24th at 9:15 a.m. at Chambers Lodge.

The third annual water ski carnival will take place on August 21st at 9:15 a.m. and continue until 2 p.m., also at Chambers Lodge. The annual luncheon and drivers meeting will be held July 23rd at noon and the event will be only for members and their families. Trophies will be awarded at the events.

The commodore is Randolph Walker, the vice commodore, Jay Phillip Murphy; rear, Clark Paul; secretary-treasurer, E. L. Elwin; port captain, A. G. Steltzer; publicity, Sherrell Blessing; official starter, J. Carroll Skinner.

Regatta committee: chairman, Clark Hall, Roger Murphy, Fred Main, Jake Obexer, Allan Bray, Marshall Kraus, Albert W. Dobbins, J. Carroll Skinner, Warren Bradley, Brooke Walker, George M. Lewis.

The water ski committee: chairman, Lowell Berry. Membership forms can be had at any local boat company.

Cook Cool.... Electrically

On hot summer afternoons, it's a chore to prepare a healthful hot meal for your family.

But with a modern electric range, you'll find that you and your kitchen stay cooler.

It's because electric heat goes directly to your cooking utensils and cooks the food quickly.

And with electric cooking, you get even, controlled heat, automatically. No more pot-watching.

With automatic controls, you can leave the kitchen and let your electric range take care of the meal.

THE SWITCH IS ON TO ELECTRIC COOKING AND IT'S CHEAP

LAKE LEVEL

TAHOE CITY — The level of Lake Tahoe Monday stood at 6226.89 feet with all gates out of the lake closed, Art Frodenberg, the cooperative observed, reports. The temperature has been normal with a high of 73 on June 19th and a low of 32 on June 18th. No precipitation has been recorded during the week.

The southernmost point in the United States is Cape Sable, Florida.

MORE ACCUSED OF BURGLARY HELD BY TAHOE OFFICER

TAHOE CITY — Deputy Sheriff Harry Johanson of this city during the past week rounded up two more young burglar suspects and said there would be three more in the same case which would probably be under arrest before this story is being read. The others, he said, are known and will be picked

TAHOE CHAMBER PLEDGES SUPPORT TO WINTER GAMES

TAHOE CITY — Directors of the Lake Tahoe-Sierra Chamber of Commerce held a special meeting last Friday night at the home of the president, Norman Celio in Tahoe Valley primarily of the discussion of two matters.

First on the agenda was a denial of reports which had gained some publicity to the effect that there were divided opinions among Lake Tahoe residents regarding the desirability of having the 1960 Olympic Winter Games awarded to Squaw Valley. The 11 directors present were unanimous in their belief that every business head around the lake had hoped from the start that the Olympics would be awarded to Squaw Valley.

A resolution was passed that directors of this chamber of commerce will continue to lend their support in every way possible to Alex Cushing in preparing for the Olympic winter games, and also throughout the duration of this great event. A similar resolution was formerly passed by the chamber at the time the United States Olympic Committee chose Squaw Valley as the site.

WILL HOLD GOLD CUP
The second major matter of business at this meeting concerned the third annual Mile High Gold Cup Races. The decision of the directors a month ago not to stage the event this year was reserved upon the advice of Fred Main, former chamber president and chairman of the regatta committee for the past two years. Main had pointed out at a recent membership meeting that the Gold Cup event can be held this year at a lesser cost than that of the past two years as a result of past experience, and he advised against cancelling the event even for one year.

Herbert Obexer, this year's chairman of the racing event, advised that Kay Hallett, secretary of the American Power Boat Association in Oakland, is agreeable to the date of September 10th for the Gold Cup event which will be held this time off the Commons at Tahoe City.

Cost of staging the event at Tahoe City three years ago was reported at \$9,000 and it is said to be considerably above that figure at the South end last year.

The public debt of the United States was brought to an all-time low of \$33,513, in 1835.

up shortly at their known whereabouts.

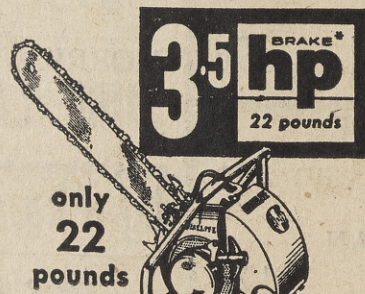

On June 6th, Johanson was notified of a cache of loot hidden under the floor of the old ski hut at the foot of the Tahoe City ski hill. He immediately found the loot and took it into safe keeping. Then he waited for a report of the theft.

On June 10th, the officer was called to investigate two burglaries at homes at Ward Creek. They were the Carlson and Shannon summer home which had just been opened, and it was discovered they had been broken into. During the course of his investigation, Johanson established the identity of the culprits and found that the five who are involved in the stealing were juveniles, their ages ranging between 15 and 18 years.

Thus, the officer said, none of the names will be made public. He said three of the young law-breakers are local boys, while the others are from Vallejo. Two of the accused, arrested by Johanson on June 15th, were taken to Auburn by Deputy Sheriff Bretschneider of that city and will later be taken into juvenile court there.

The local officer said that the stolen property, all of which was recovered consisted, among other things, of guns, fishing tackle, mechanic's tools, clothing and a gasoline container.

It's the Mighty Mite of chain saws

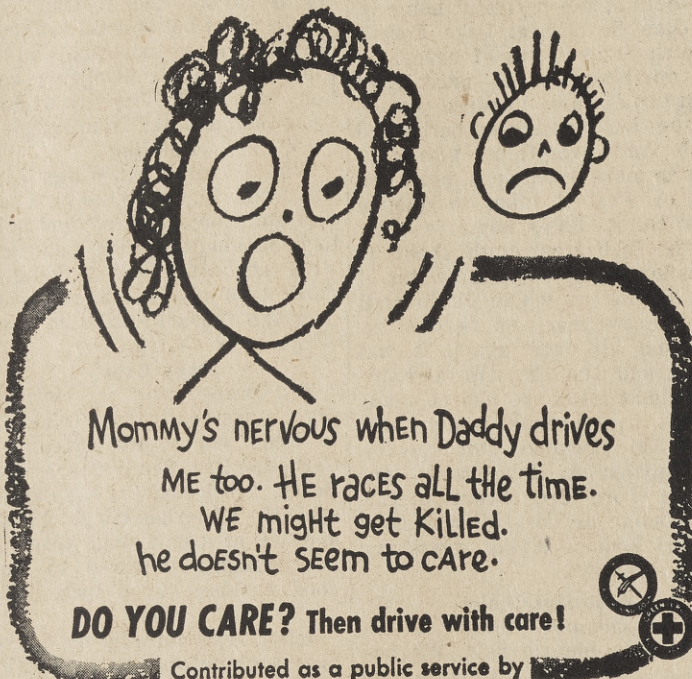

*Actual Dynamometer Rated Horsepower

HOMELITE Model 17 Chain Saw

No other saw so light... so easy to handle... packs as much power. Enough power to zip through an 18 inch tree in 18 seconds. Enough power to cut trees 4 feet or more in diameter and to stand up without costly maintenance under steady production cutting. BUICK SPECIAL 2-Door, 6-Passenger Riviera, Model 46R

They're making it the BIGGEST-SELLING BUICK OF ALL TIME

Maybe you'd better see for yourself why folks just won't do without this great car.

PEOPLE say success makes success—but we say people make success, and how!

It's people—just like you—who are snowballing Buick sales this year to an all-time peak.

It's people—just like your neighbors down the street—who are snapping up these gorgeous new Buicks almost as fast as we get them from the factory, and causing Buick production to climb to new levels every month, to handle the unparalleled demand.

And it's people—just about from every walk of life—who keep Buick sales soaring without letup—and

who have moved Buick more solidly than ever into the oharmed circle of America's top best sellers.

But why? Why this phenomenal swing to Buick on the part of people who can choose *any* new car? Because Buick's a buy—definitely.

And because it's a bold beauty that catches the eye and holds it—that's for sure.

And certainly because it's supremely level of ride—and a sweet joy to handle—and a mighty bundle of high-voltage V8 power to melt away the miles and the high hills.

But most of all, because Buick this year is a performer like no earth-bound vehicle ever was before...

Because Buick—and only Buick—has the airplane-principled magic of Variable Pitch Dynaflo* where you switch the pitch for big gas savings in cruising—or for whip-quick getaway response and acceleration when you need a sudden safety-surge.

It's sheer thrill, and pure pleasure, and a big boon to your gasoline budget—and you really ought to try it.

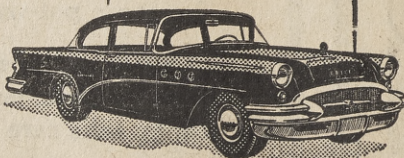

Come visit us soon—this week, at the latest—and see for yourself why this is the car folks just won't do without—the biggest-selling Buick of all time.

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

Local Delivered Price of the 1955 Buick SPECIAL \$2627.00

2-Door, 6-Passenger Sedan, Model 48 (Illustrated) is

Mary Louise Shearer Weds John F. Ward At Kings Beach Home

KINGS BEACH — The home of Mr. and Mrs. A. J. Ketman was the scene of a delightful wedding party on Sunday last June 19 when John F. Ward and Mary Louise Shearer of San Francisco took the marriage vows.

John Frederick Winter acted as best man and Jane Ketman Winter was maid of honor. Other guests

included Col. Benjamin, Major E. Scott, Captain F. S. Frank, Mr. and Mrs. Ketman and Mrs. Harry Charrison. Judge Charrison conducted the ceremonies. The happy couple will spend a short honeymoon at Lake Tahoe before returning to San Francisco.

The Star Spangled Banner was first sung September 22, 1814.

The first meteoric display recorded in the United States was in November, 1799.

State Employees May Expect Pay Increases

SACRAMENTO (CNS) — A big majority of California's state employees will find a 5 per cent salary increase in their paychecks as of August 1, officials of the state personnel board announced today.

The total increase for the employees, who are located in all sections of California, will amount to approximately \$12,000,000, according to John Fisher, executive secretary of the board.

He indicated that while the complete schedule has not as yet been worked out, that the lower salary bracket classifications would receive immediate attention.

The staff, he said, has not yet worked out the complete schedule, but the increases "will be very general."

Authority for the salary increase was contained in the 1955-56 fiscal year budget submitted to the legislature by Gov. Goodwin J. Knight. The budget goes into effect July 1, which is the beginning of the new fiscal year.

The easternmost point in the United States is West Quoddy Head, Maine.

advertising and preparing for the great event to be staged in Squaw Valley in 1960.

The chief speaker at the meeting was Charles Berlenbach, manager of the Pacific Telephone Company in the Tahoe-Truckee area. He talked of telephone operations in general, and told of the increase in the business in this area which made it necessary to move the telephone company's headquarters offices from Truckee to Tahoe City for the summer season. These offices now occupy two rooms in the F. A. Kilner building in this city.

The speaker said that the new dial system is now in operation at all stations around the lake except in the central location in Tahoe City itself, which is scheduled to go into dial service early in 1956.

Berlenbach further stated that in the near future, when the dial system is completed throughout this region, it is planned to then eliminate all necessity for calling a local operator in order make connections with any long distance point.

When the dial system in perfect-ed, he said, any telephone subscriber will be able to make all his own far-away connections from his private telephone in his own home.

DISTRICT ATTORNEY APPEALS DECISION

NEVADA CITY — An appeal protesting Superior Judge James Snell's dismissal of the evidence against Daniel Martin, 20, of Auburn, charged with manslaughter, has been filed with the California District Attorney Vernon Stoll.

The evidence against Martin was dismissed at the arraignment in superior court June 8 by Judge Snell who remanded Martin back to the custody of the sheriff with bail set at \$5000.

Martin had been bound over to superior court following preliminary hearing in Truckee before District Judge F. W. Wilson May 26. On June 3 Harold Berliner of Nevada City was appointed attorney for Martin, who was not represented by counsel at his preliminary hearing.

Prior to Stoll's appeal it was expected that Martin would be referred back to the Truckee judicial court for a second preliminary hearing if a new charge was filed.

The manslaughter charge was brought against Martin following an automobile accident May 4 on Highway 40 near Cisco when the car the defendant was driving plunged off the highway after missing a turn, killing Andrew Patrick Monahan, 46, of Penryn.

PROGRAM FEATURES ROTARY MEETING

KINGS BEACH — The regular meeting of the Brockway Rotary was held on Monday night, at Ta-Neva-Ho on Crystal Bay. This being the last meeting of the year at which President Asa Abbott would preside, he became lenient and omitted all fines for the evening.

Pete Bennett, a member of the Catalina-Tucson Club was asked to tell of some of the activities of his club; one of them being the sponsoring of the Soap Box Derby, which has become quite a big affair.

Lee Wilcox of the West Sacramento Club, told of his club's sponsoring of a boy's and girl's scout troops; and also of the aid given to children crippled by polio.

Program Chairman Marion Dodd presented a film, entitled "The Sky Is Everyone's," by the United Air Lines and loaned through the courtesy of the University of Nevada.

Visiting Rotarians were present from Tahoe City, Catalina-Tucson and West Sacramento.

Installation of officers for the year 1955-56 will be held next Monday night, June 27, at Ta-Neva-Ho and the ladies are invited.

CAB DRIVER IS BILKED BY MAN

RENO — V. W. Draney, taxicab operator from Crystal Bay, would like to get his hands on the man who owes him \$17.50.

Draney told Reno police that he drove the man from Crystal Bay to an address on E. Sixth street, last weekend, running up a fare of \$17.50 en route.

At the address the man said he would go into the house to get some money, and asked Draney to wait. He then disappeared around the side of the building—and failed to reappear.

ON NORTH TRIP

Mr. and Mrs. Henry Lucas of Kings Beach and Palm Springs were here this week en route to the northern section of the country and Canada where they will enjoy a lieurely trailer jaunt, returning in the fall for a visit at Kings Beach before returning to the southland.

The largest consumer of cadmium in California is the electroplating industry.

Farallone Light, 358 feet above the level of the Pacific, is visible for 26 miles.

An estimated 161,000 anglers caught a record of 2,300,000 black bass in California water in 1953.

On Highway 89 — 33 Miles North of Truckee

SKY-WIDE AND HANDSOME!

When you ride in one of S.P.'s new Dome Lounge Cars, we think you'll say it's the most sensational thing on wheels you ever saw. Part cocktail lounge and part terrace deck, it's different from any other dome car ever built, because every seat on both levels is "under glass." You see all!

Our unique Dome Cars are on the San Joaquin Daylight (San Francisco Bay Area-Los Angeles), the Shasta Daylight (San Francisco-Portland), and the Overland between San Francisco and Ogden (magnificent views of the High Sierra, by day, both ways). We hope these cars are an indication that your railroad—Southern Pacific—is trying to do a modern, progressive job of railroading, bringing you ever-better passenger and freight service.

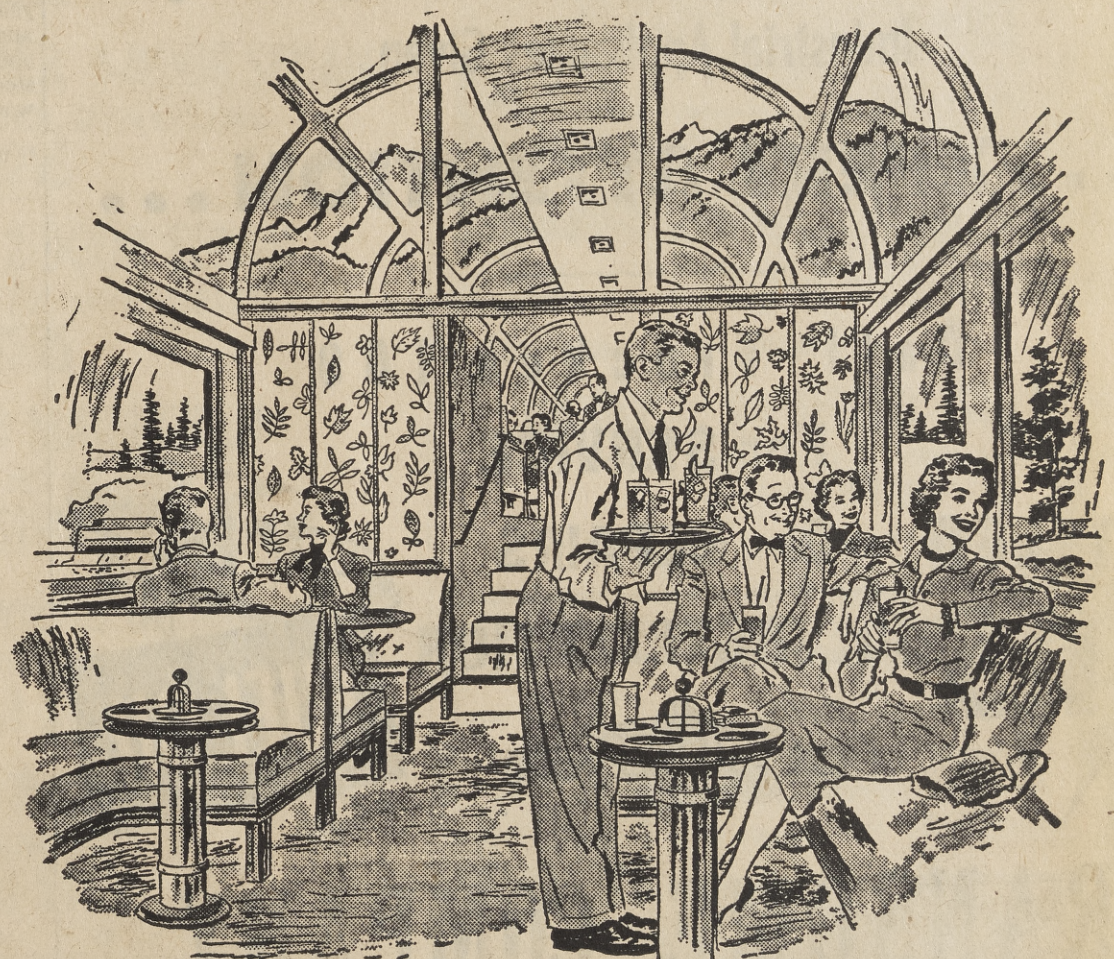

City of St. Louis, which consolidates at Ogden with the Overland, has a dome car, too. On your next trip East try this fine service via St. Louis.

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

Plan Fire Works
Tahoe City and vicinity are already preparing for the celebration of the big holiday of the summer season. Bill Becholdt, manager of Tahoe Inn and chairman of the local fire department's Fourth of July program this summer, announces a bigger and better show this time than has ever been put on here before. The fireworks will start around dark on Sunday, July 3rd on the lakeshore and the piers of the Tahoe City Commons and are expected to last far into the evening. All of the bright and beautiful displays of the past two years, will again be shown, as well as more beautiful new ones.

Through the coming week, contribution containers will be placed in all the business places around town to receive whatever aid to the expense of the big show, the neighbors and friends are able to give. Last year the Fire Department paid something over \$100 out of their own funds to enlarge on the townspeople's donations. Becholdt and his entire patriotic group will greatly appreciate any amount that anyone wishes to give

Dear Editor:

... the letters start. Then from all over the free world come such comments as these from readers of THE CHRISTIAN SCIENCE MONITOR, an international daily newspaper:

"The Monitor is most reading for straight-thinking people. . . ."

"I returned to school after a lapse of 18 years. I will get my degree from the college, but my education comes from the Monitor. . . ."

"The Monitor gives me ideas for my work. . . ."

"I truly enjoy its company. . . ."

You, too, will find the Monitor informative, with complete world news. You will discover a constructive viewpoint in every news story. Use the coupon below.

Annual Barbecue
Sunday afternoon, the fourth annual barbecue picnic was put on at the A. A. Snyders' lakeshore home in Lake Forest under the sponsorship of the following hosts: Mr. and Mrs. A. A. Snyder, and son, Bob, Mr. and Mrs. Don Snyder, Mr. and Mrs. Steve Korich and Mr. and Mrs. Pascal Huega. The hosts and hostesses set the apparel theme of the occasion by appearing decked out in appropriate costumes of shadow-grey Bermuda shorts, pink knee-length stockings and cotton print shirts. (Very suitable and summery). These charming costumes were humorously satirized late in the day by genial Ben Jones of Tahoe City who brought on a joyful uproar when he appeared in knee-cut jeans fringed at the edges, cowboy boots bow tie and stetson.

Over 300 enjoyed a sumptuous feast. The picnic grounds were set with umbrella tables, flanked with wheelbarrows of iced beverages. Mr. and Mrs. A. A. Snyder are entertaining as house guests this week three friends who attended the party, Mr. and Mrs. E. R. Harvey of Roseburg, Oregon and Ora McGregor of Yreka.

Up On Visit
Mrs. Helen D. Boyle is up from her valley home this week for an extended visit at the home of her son, George D. Boyle, with his wife and three adorable young grandchildren. During the past week, George Boyle completed a special two weeks course in California history at the University of Nevada at Reno.

Open Home
Mr. and Mrs. Allan Brey and family of Piedmont last week opened their Island Park home on the lakeshore at Lake Forest for the summer. Brey is commodore of the Lake Tahoe Yacht Club. He is looking forward to the enjoyment of the races to be held later this summer.

Entertains Guests
Mrs. Dorothy Forbes of Piedmont has opened her summer home Blue Paradise, at Carnelian Bay for the summer and is entertaining house guests there from the bay region. The adjoining summer home of her neighbors, Mr. and Mrs. George Concannon, was also opened for the season this week and the Concannon family are in from their winter home in the coastal area.

Friends Visit
Mr. and Mrs. Clark Burnham, Jr., opened the Burnham family home on the Truckee river last week and are entertaining friends there over the weekend. Dr. and Mrs. Clark Burnham, Sr., are expected up within the coming week.

Tahoe Visit
Colonel and Mrs. A. P. Crist, Tahoe residents for many years in the past, paid a visit to Tahoe last week for the first time in about three years. They stayed at Chambers Lodge throughout their vacation here and visited between times with old friends all about the lake.

Returns to Lake
Jack Olmquist, a Tahoe resident of the past, who will be remembered by a few old timers, returned to the lake last week for the first time since his high school days. He brought with him a new bride and the happy couple are honeymooning in the Olmquist cabin on the cliffs at Emerald Bay, which home was opened for the first time in many years.

Enjoys Return
Mrs. George C. Walker, the former Pat Droste of bygone days, daughter of the late Henry Droste, who will be remembered as a realtor for several years in this area, is back at Tahoe for a summer vacation for the first time in many years. With her are her husband and three children. She has reopened the old Droste home which stood so long vacant in the Homewood area.

Warrant Officer Phil Asal, son

WHOLE FAMILY AT TAHOE HONORED BY U.S. AIR FORCE

TAHOE CITY — The important part of an entire family, from the 2½ year old granddaughter to the grandmother, can play in the CAA Ground Observer Corps, has been clearly exemplified by the A. M. Henry family at Tahoe City.

Lt. Thomas Jenkins of the Sacramento Air Filter Station and Sergeant Thomas Curran of the Auburn Sector, Department of the Air Force, presented the whole Henry family with merit awards for their volunteer services on the Ground Observer Corps.

Honored at the same time was Paul Griffith, Tahoe State Park employee, who received his wings for 36 hours of ground watching.

The Henrys established their watch on October 14, 1953 and a constant, every-day vigil has been maintained since that time.

Mrs. A. M. Henry, supervisor of the local station, has put in 2500 hours, her husband "Joe", chief observer, has clocked a similar

of Mrs. John Pingree of Tahoe City, visited his mother in her home here during the weekend. He is stationed for the coming year with a traveling government repair shop and stopped off here accompanied by his wife, on the way overseas.

Notice to Taxpayers

NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of Nevada, State of California, will sit as a Board of Equalization on TUESDAY, JULY 5th, MONDAY, JULY 11th and MONDAY, JULY 18th, 1955, for the purpose of equalizing the assessment rolls of the County of Nevada.

NOTICE IS HEREBY FURTHER GIVEN that any taxpayer of the said County of Nevada who desires to file any objection to his assessment as made by the County Assessor may appear before the said Board of Supervisors on any of the above dates between the hours of 10 o'clock A. M. and 4 o'clock P. M. and present his objections. If no person appears and presents his objections to said assessment, said assessment will remain the same as set forth in full on the rolls of Nevada County for the 1955-56 tax year as prepared by the said County Assessor.

"IN THE
GOOD OLD
SUMMERTIME..."

There's no better time than now to start putting a few dollars aside for summers to come. Systematic saving for the things you want is a time-tested formula for adding to anyone's share of happiness. Think it over. If a cabin in the hills or a seaside cottage can add to your enjoyment—start saving for it now!

time and son, Al, assistant chief, has maintained a 1500 hour watch. The latter's wife, Jean, has credit for 1500 hours.

The two grandchildren, while at play, have learned to report to their parents or grandparents, any sign of a plane and a report is immediately dispatched to the filter center.

Mrs. Henry was high in her praise for the splendid cooperation given by the telephone operators.

Grandson, Gary, a Boy Scout, has earned his merit badge as an observer.

Karen Henry and Mary Tabor Fox, the other grandchildren, have also received their wings.

The Henry family observation post is unique and so far as can be determined, is the only one of its kind in the country. The family has well earned the high praises from the officials for their outstanding contribution to the civil defense program.

Charles F. Berlenbach, Jr., Telephone Manager in Truckee

WHAT'S DOING

WELCOME BACK TO VACATIONLAND

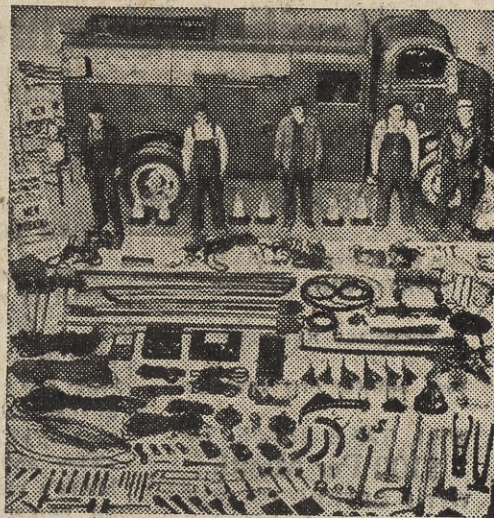

We of Pacific Telephone would like to take this opportunity to again welcome back to this area all Summer Residents. Everything seems to indicate that we are in for a wonderful season this year, including ideal weather.

Since the middle of May, we have received and processed many hundreds of orders for reconnection of telephone service. Perhaps you have noticed our service trucks busily traveling along the roads day and night, as well as on weekends. Since May 1st, we have more than tripled our forces here, consisting of operators, installers and business office representatives. This has been necessary in order to keep up with our ever-endavoring policy of providing the best possible service.

This spring, we converted Homewood Exchange from manual to dial operation. By the latter part of 1956, Tahoe City and Truckee will also be dial.

For your convenience, we now have a summer office in Tahoe City located at the Tahoe Wye. If we can serve you in any way please call us at Tahoe City 291 or drop in to see us. All of us want to wish you an enjoyable summer season.

"Tool
chest on
wheels"—
part of
good
telephone
service

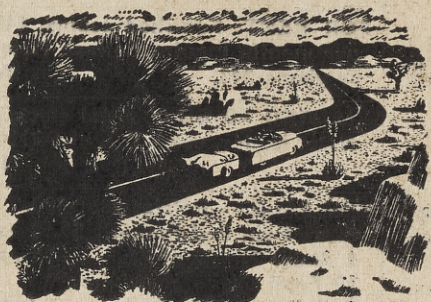

You've probably seen construction trucks like this around town from time to time. But chances are you've never realized how many different things are packed into them. As you can see, we've included every item that could possibly help our construction crews work more rapidly, safely, and efficiently. And, of course, these men have had the very best training possible. Providing good tools for people who know their jobs is part of the A-to-Z planning behind your telephone and all others here in town . . . in order to keep your service fast and dependable. Pacific Telephone works to make your telephone a bigger value every day.

It's easy to extend telephone convenience
to any part of your home

Just think how handy it would be to have a telephone in each room you use a lot. In the living room, kitchen, and a bedroom, for instance. With an up-to-date arrangement like this, there's always a telephone nearby when you want it. No more running to answer or make a call. Cost? Less than a nickel a day for each additional telephone. And if you like, one or more of your extensions can be in color. Either way, it takes only a couple of minutes to order. Just call our business office.

HAPPY
MOTORING!

Drive safely...and carry Bank of America Travelers Cheques! That's good advice the year 'round, but especially important right now. For one thing, highways are more crowded during the summer months, so it pays to be extra careful. Wherever you go, carry B of A Travelers Cheques to protect your travel funds. You can cash them anywhere, and they cost only 75¢ for each \$100 worth you buy.

? B of A Quiz Corner ?

DID YOU KNOW THAT Bank of America is owned by more than 200,000 stockholders, many of whom live in our county? Early this month each of these stockholders received his share of our dividend, which for this first 6-month period will total \$19,200,000.00.

Kings Beach Man Held On Stolen Car Charge

RENO—Wilbur Carl Sommers, 37-year-old Kings Beach, Calif., handyman, is being held at the Washoe county jail in lieu of \$1500

bail for allegedly driving a stolen car across a state line. Sommers was arrested for violation of the federal statute in Lovelock a few hours after he allegedly stole Roy Plunkett's 1953 Cadillac convertible from Crystal Bay. The federal charge was presumably

RIGHT OF WAY RULE STRESSED BY PATROL

SACRAMENTO—"Courtesy and cooperation could practically eliminate our highway right-of-way problem."

California Highway Patrol Commissioner B. R. Caldwell today chose these words to express the patrol's growing concern over the continuing epidemic of right-of-way collisions.

"If we could prevail upon all motorists to display the same courtesy in driving that people normally show in their homes, much of the needless waste of life and property would be eliminated," Caldwell declared.

"Cooperation involves working with others and obeying the rules," he continued. "One of the right-of-way rules often violated governs situations when two vehicles enter an intersection at the same time."

"This rule requires the driver of the vehicle on the left to yield the right-of-way to the driver of the vehicle on the right. The same rule requires the driver of any vehicle approaching an intersection to yield the right-of-way to the driver of any vehicle already in the intersection."

The commissioner said he had instructed every field commander to carefully tabulate the number of right-of-way violations and collisions resulting from these violations.

"Unless immediate improvement is realized, the patrol will have to make adjustments necessary to de-

lodge because the car was parked in California at the time it was stolen.

Sommers said he didn't steal the car knowingly. He explained a man standing by it offered him the privilege of driving it for \$5, and that he willingly paid.

He said the first time he was aware of the auto's status was in Lovelock, where an officer approached him and his girl friend and asked if they were the drivers. The girl was not held.

TRUCKEE PUBLIC BOARD MEETINGS

WARNINGS ISSUED TO ANGLERS AS SEASON IS OPENED

With the summer angling season in full swing and thousands of persons planning to do their fishing from boats, the department of fish and game has listed a few common sense precautions which should prevent most boating accidents.

(1) Avoid overloading boats. Small boats are particularly unwieldy when overloaded. A good rule is only three persons in boats less than 14 feet long.

(2) Never stand up in a small boat.

(3) Avoid fast water, riffles and whirlpool areas. Stay away from dams, pilings, large rocks and trees when in fast water. Any boat forced against an obstruction

vote a greater share of enforcement toward arresting right-of-way violators," Caldwell said. "This type of driving behavior is inexcusable and cannot be tolerated."

tion by action of the current is almost sure to capsize.

(4) Always have a life jacket for each person. Unless you are an excellent swimmer, never enter a small boat without first donning your life jacket.

(5) Never wear boots or waders when riding in a boat. When full of water they become dead weight.

(6) When fishing from a small boat on a large body of water, go ashore immediately when a storm threatens or the wind begins to blow.

(7) If caught in storm on open water, run motor at slow speed and angle across the waves. Sit in bottom of boat for better stability.

(8) When ocean fishing, stay away from the breaker line!

(9) If the boat capsizes, hang on to the overturned boat if possible. It is safer than swimming and an overturned boat is easier to spot by rescuers than a swimming person.

(10) Stay away from swimming areas, and don't be an aquatic hot-rod.

There are more federal government employees in California than in any other state or the District of Columbia.

The forest reserves of the United States were transferred to the department of agriculture from the department of the interior, February 1, 1905.

Sutro Gardens in San Francisco afford a spectacular panoramic view of Ocean Beach and the Pacific.

Governor's Daughter Will Be Married To Student On Saturday

SACRAMENTO (CNS) — The wedding of Miss Carolyn Knight, daughter of Gov. Goodwin J. Knight, and Charles V. Weedman, law student at the University of Southern California, will take place in the executive mansion here Saturday night at 8 o'clock.

The wedding will be the first in the mansion within the memory of old-timers around Sacramento. It will be a candle-light ceremony with only about thirty guests invited.

The couple will be married by the Rev. John C. Donnell, pastor of the Church of Our Savior (Episcopal), in Los Angeles, the same minister who united the governor and Mrs. Knight in marriage last August in Los Angeles.

Following the ceremony, which will be a simple affair, the bridal couple will cut the wedding cake in the dining room of the executive mansion.

Birth Date—
Mrs. James Walker celebrated her birth date on June 18.

CARD OF THANKS

I take this means of expressing my most sincere thanks to the staff at the Tahoe Forest Hospital and my many friends for their kindness during my recent illness.
Mrs. Consuelo Diaz

AERIAL PLANTING OF FISH WILL START

This summer's aerial trout planting program, which gets into full swing June 29, will be the heaviest aerial stocking in the seven years of his sky-borne operation, the California Department of Fish and Game has announced.

Senior Pilot Al Reese and his two fellow pilots are scheduled to drop over 4,000,000 fingerling trout in nearly 700 remote high-mountain lakes throughout the state during the next two months.

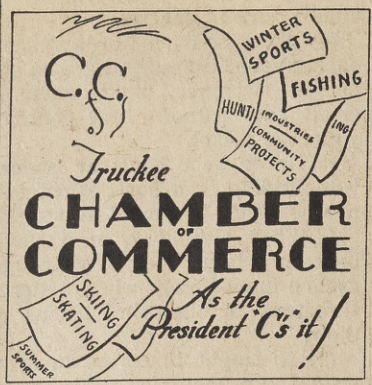

In 1954, an estimated 3,500,000 fingerlings were dropped in approximately the same number of lakes.

The increased plantings have been made possible by improved techniques which allow the state's two-engine Beechcraft to carry bigger loads in better condition than ever before, Reese pointed out.

Initial planting this year is tentatively scheduled for June 29, 30 and July 1, from Fall River Airport in Shasta County.

Sportsmen who plant a visit to the airport to watch the plane load and take-off are cautioned to be there early, as planting starts at daybreak.

Later plantings are scheduled Montague Airport, Siskiyou County, July 5-8; Minden, Nevada (to plant central Sierra lakes), July 11-14; Columbia, Tuolumne County, July 18-19; Beckwourth, Plumas

The Olympics are coming in 1960 thanks to the fine presentation made by Squaw Valley and Mr. Alex Cushing last week in Paris. I'm sure that everyone in the community joins me in congratulating Mr. Cushing and his aides. Since our area is one of the world's finest recreational areas, I don't believe that anything more gigantic in scope could happen here to promote it more. Perhaps now the various agencies involved will see the urgency of improving the highways into this area. I'm sure everyone in our Truckee area will cooperate in anyway possible to aid Squaw Valley in staging one of the finest events in the history of the Winter Olympics.

Remember, anyone interested in purchasing the information booth at the inspection station may contact our office, as this building must be moved from its present site soon. It is on skids and can be moved very easily.

Well, finally we made it. Did anyone notice we have the flag flying again, thanks to some of our progressive merchants, for cooperating by taking turns putting it up on a weekly basis. If anyone has the time and is interested in this project, please contact me.
—HAL WELCH

CHURCH NOTES

Bishop Donald H. Tippet of the California-Nevada Annual Conference, announced the appointment for another year of Rev. Wesley H. Osman to the Truckee Community Methodist Church. Rev. Osman said, "We are sincerely pleased with the re-appointment to Truckee. We feel gratified that our service has merited a return for another year."

Rabins Here—
Mr. and Mrs. John Rablin and daughter, Jesse, of Roseville are staying at their house here during the summer.

County, July 20-23; Hot Creek Hatchery, Mono County, July 26-29 and August 1-2; and Fresno, August 3-5 and 8-9.

Sacramento 14, California
HUDSON 1-3129
Attorney for Plaintiff

SUMMONS

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF NEVADA
No. 11026
FREDERICK E. EASTMAN,
Plaintiff,

-VS-
ALL PERSONS UNKNOWN, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto, Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETING TO:

You and each of you are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Nevada, within ten days after the service on you of this summons if served within this County, or within thirty days if served elsewhere.

And you are hereby notified that, unless you appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract or will apply to the Court for any other relief demanded in the complaint.

The object of this action is to make the above defendants set forth the nature of their claim or claims to the real property in the complaint and hereinafter described, if any they have, and that such claim or claims be adjudged to be of no effect and void, and that plaintiff's title to said real property be quieted against them.

That said real property is situated in the County of Nevada, State of California, and is particularly described as follows:

The West half of the Northwest quarter and the Southeast quarter of the Northwest quarter of Section 4, Township 17 North, Range 12 East, M. D. B. & M.

GIVEN under my hand and the seal of the Superior Court of the State of California, in and for the said County of Nevada, this 15th day of June, 1955.

Sees Sister—
Mrs. Felix Kohler has arrived from the valley to spend some time at the home of Mr. and Mrs. Jack Pistoia.

Pays at Sardine—
Mr. and Mrs. Ed Payen of Folsom have returned to their home in Sardine Valley having bought up their cattle for the summer.

Moves to Sacramento—
Mr. and Mrs. J. Alameda who left here to live at Los Altos are now located at Sacramento.

Change of Address—
Noel Danner has sent a change of address from Vallejo to Napa.

Keys to Capital—
Quinton and Liane Kay are guests of their grandparents at Visit Children—

Mr. and Mrs. Robert Hall and family of Long Beach have arrived to spend the summer with their sons-in-law and daughters, Mr. and Mrs. Keith Stewart and Mr. and Mrs. Wesley Fair.

LUMBER SHIPPING SET NEW RECORD

Lumber shipments from Southern Pacific's lines in Oregon and California in the first four months of this year topped all previous records for those months, the railroad reported today.

Plywood, veneer and built-up woods continue as pacesetters in achieving new shipping marks, according to W. G. Peoples, SP vice president in charge of freight traffic.

The railroad carried 17,557 carloads of plywood products in the first third of 1955, Peoples said, an impressive increase of 4797 cars over the same period of 1954.

Mr. and Mrs. Robert Saunders attended funeral services for her grandmother held this week in Sacramento.

STRANGE as it seems

ELSIE HIX

BABY ELEPHANTS TIRE QUICKLY AND IF WORKED FOR LONGER THAN 15-MINUTE PERIODS WHILE TRAINING FOR A CIRCUS ACT, THEY WILL CRY!

JOHN L. PETERSON, JR., of Gillett, Ark., AFTER 11½ YEARS OF PERFECT SCHOOL ATTENDANCE GOT THE MUMPS DURING THE SECOND SEMESTER OF HIS SENIOR YEAR... 1955 HIS FATHER ALSO HAD A PERFECT RECORD UNTIL THE SECOND SEMESTER OF HIS SENIOR YEAR IN 1929 -- HE, TOO, HAD THE MUMPS!

THE GRAND CANYON, Arizona, HAS BEEN UNDER THE SEA 7 TIMES!

THE FLICKER WILL CONTINUE TO LAY EGGS TO REPLACE ANY TAKEN FROM ITS NEST... IT HAS BEEN KNOWN TO LAY 71 EGGS IN 73 DAYS!

THE BRAIDED CROSS ON THE MARINE OFFICER'S CAP ORIGINATED WHEN THE DESIGN WAS SEWN ON THE CAPS OF MARINES IN OLDEN DAYS TO IDENTIFY THEM DURING HAND-TO-HAND FIGHTING, TO THEIR COMRADES ALOFT IN THE RIGGING...

SIR HUMPHRY DAVY-- INVENTOR OF THE FIRST MINER'S SAFETY LAMP, REFUSED TO PATENT IT... THE LIVES IT SAVED BROUGHT HIM GREATER SATISFACTION THAN ALL THE MONEY HE COULD DERIVE FROM IT...

THE MODEST ANGEL! WHEN THE BRITISH GOVERNMENT PREPARED A GIGANTIC RECEPTION IN HER HONOR, AND SENT A BATTLESHIP TO BRING HER HOME, **FLORENCE NIGHTINGALE**, GREAT WAR NURSE, SLIPPED INTO ENGLAND ON A FRENCH SHIP TO ESCAPE THE CELEBRATION! -1856-

CURLY KAYOE

by SAM LEFF

THOSE MEN ARE WASTING NO TIME RAISING THAT TENT, MR. BINGLING!

THAT'S THE DINING TENT, CURLY!

THE DINING TENT MUST GO UP FIRST, CURLY! A CIRCUS MOVES ON ITS STOMACH JUST LIKE AN ARMY!

YOU HAVE ENOUGH PEOPLE IN YOUR SHOW TO FORM A SMALL ARMY. I DON'T KNOW HOW YOU KEEP TRACK OF THEM, SIR!

IT'S A KNACK, SON - I KNOW EACH AND EVERY PERSON WITH MY SHOW!

THE DINING TENT'S ALL SET - LET'S EAT!

YOU! DON'T STAND THERE LOAFING! GET INSIDE AND HAVE YOUR LUNCH!

Y-YES, SIR!

YOU KNOW WE DO OUR SHOW RIGHT AFTER LUNCH... HURRY ALONG!

CHOMP CHOMP CHOMP SLURP

THANKS FOR THE MEAL, BOSS - I GOT A SHOCK FOR YA! I'M NO CLOWN. I'M JUST A HOBO!

WHAT? GET OFF THIS LOT... YOU FAKER!

HE SURE HAD YOU FOOLED!

LIKE I SAID, CURLY - I KNOW EVERYONE WITH TH' SHOW! I JUST WANTED TH' POOR GUY TO ENJOY A DECENT MEAL!
